

## CMC-TC Display Unit

DK 7320.490

### Attention!

**Please note that the display unit only operates correctly in conjunction with the latest software version. Specific details can be found in the following:**

**Processing Unit (DK 7320.100) with software version 1.1 or higher!**

A free-of-charge software update from version 1.0 to 1.1 as well as the relevant instructions is now available from our homepage [www.rittal.de](http://www.rittal.de).

We ask for your understanding regarding this matter.
